Chemeketa Map

In addition to the hosted events in the science labs and planetarium, you are welcome to give yourself a tour of Chemeketa. Consider the following:

- Building 2: administration, cafeteria (closed), and student life
- Building 8: geology (between 236 and 236) and life science (outside 225) display cases
- Building 34: engineering, drafting and machining
- Building 60: new agriculture building
- Intersection of South Campus Loop and Fire Protection Way: disc golf (bring your own discs)
